

EQUALLY IMPORTANT – NEW ROUTES

New tourist train Sochi connecting popular Black Sea resorts

On 15 August, a new tourist train No. 927/928 Sochi was launched between popular resorts of the Black Sea on the Tuapse–Sochi–Gagra route.

The interior designs of the train's signature carriages are styled to look like they are from the 1970s and 1980s, yet they fully meet all modern requirements. Each carriage is equipped with air conditioning, environmentally friendly toilet facilities, sockets and USB ports to charge devices.
