

# PASSENGER SAFETY

Safety and reliability are the passengers' basic requirements. Since its inception, JSC Federal Passenger Company has been annually meeting the key targets for traffic safety and improved reliability of technical equipment.

## Train operation safety

This consistent performance is driven by the traffic safety policy adopted at FPC and the systematic efforts across the following areas:

- Implementation of FPC's Programme of Measures to Reduce the Frequency of Traffic Incidents and Accidents and the Severity of Their Consequences, and to Achieve the Set Targets for Traffic Safety
- Implementation of the roadmap to ensure functional traffic safety at FPC
- Continued expansion of the annual scope of activities of structural units responsible for technical audits of operating processes

- Adoption of digital capabilities and technologies in traffic safety
- Maintaining staff competencies through training, professional development and mentoring

Number of train operation safety breaches
